Lowther Castle Gardens – A Visit of Discovery

Monday 8th June 2015 – A romantic ruined castle presiding over 130 acres of lost historic gardens in the process of reclamation. Sited on the edge of the Lake District National Park and the Eden Valley. The castle and grounds had been closed to the public for over 70 years until they became the subject of one of Europe's largest reclamation and restoration projects in 2011. The current gardens lie over the top of late 17th century remains, often to the same footprint, and have survived in varying degree as wild woodland or the Victorian and Edwardian designs. There are beautiful original features mixed with wild areas that house our protected endangered wildlife, that are defined on the west side by a limestone escarpment with stunning views over the Ullswater and Haweswater hills towards the old Roman road of High Street. All protected behind the dramatic Smirke designed ruin of the castle. We include a guided tour along with lunch.

£45.50 (Includes Entry to Lowther Castle Gardens, Guided Tour and Lunch)

Birkheads Secrets Discovery

With many places to just sit and muse, view the Modern Art and walk through the desert house to see the collection of cacti that thrive in this arid climate. Into the tropical rainforest house, see and feel what it is like to be in such environs, you can even make it rain! We later continue to Birkheads Secret Garden, three acres of themed garden includes formal topiary, herbaceous borders, gravel garden, Bowes Railway garden, wild flower meadow, wildlife pond, meditation garden, winter garden and beachcombers garden. All designed by Christine Liddle with magnificent views over open countryside. There is also a well stocked plant nursery. We include a guided tour here plus tea/coffee & cake.

Tuesday 25th August 2015 – A local destination today, Newby Hall's 25 acres of award-winning gardens, created in the early 1920s have evolved (and are still evolving) over the years and have made a major contribution to 20th century gardening. The gardens are a haven for both specialists and amateur gardeners. Designed astride one of Europe's longest double herbaceous borders are numerous formal 'compartmented' gardens such as the Rose garden. No visit is complete without a visit to Newby's Plant Centre, along with an opportunity for optional lunch in The Garden Restaurant. We later continue to Martin Fish's private garden for a special group visit. This garden covers $\frac{3}{4}$ of an acre featuring shrubs perennials along with a newly landscaped courtyard garden. Ellerker House Garden & Breezy Knees

Wednesday 23rd September 2015 – Two often overlooked treasures are on our itinerary today, Ellerker house (at Everingham) was once the office belonging to Everingham estate, owned by the Duke of Norfolk. The Garden is 5 acres and consists of parkland, home to many mature trees including Corsican Pines, Atlantic Beech and many Oaks, a formal lawn surrounded by colour themed herbaceous borders planted for textures and colour throughout the year. A Rose archway planted with old English Roses leads towards the lake which is surrounded by a woodland pathway made from tree roots and stumps planted with many spring bulbs, Helebores and Anenomes to give a mass of colour. Opening especially for us, enjoy time to explore this garden along with tea/coffee and fresh home baked cakes! We later continue to one of Yorkshire's most famous Garden Centres – Langland's at Shiptonthorpe, here, there is chance to obtain optional lunch in a choice of two café's along with quality garden shopping and food shop. Our afternoon visit is to Breezy Knees Gardens, 14 acres packed with over 6,000 different varieties of flowers, shrubs and trees.
