Isle of Man The Magic of the Manx

22 - 26 August | 5 Days

£469.00

Single Room (Ltd Supply) £60.00

It was once believed that the Isle of Man's location in the centre of the Irish Sea was because an English giant stole a woman away from an Irish giant, Finn MacCoul, who was so furious that he threw rocks at his rival. He clearly did not use sufficient force, however, and the rocks landed in the sea, midway between Ireland and England. And hence the magical story of the Isle of Man begins!

Whilst on tour, the following programme is included;

- Free time in Douglas. Enjoy the islands capital with its Victorian Pier and sandy beach. Its beautiful sea front is lined with picturesque hotels and restaurants. The shopping high street is filled with familiar names as well as many locally owned stores.
- Journey on the Laxey & Snaefell Mountain Railway. Laxey is home to the world's largest working waterwheel "Isabella". Here we board the mountain railway at the "Cottage" continuing up to Snaefell Peak, the highest point on the island.
- Journey on the Isle of Man Steam Railway. Hop on board the IOM steam railway, the longest narrow gauge steam line in the UK still operating with its original locos and carriages. The 16 mile journey transports you through charming countryside to Port Erin.
- Entrance to Castle Rushen. Located in the ancient capital of the Isle of Man, Castletown, this impressive fortress was once home to the Kings and Lords of Mann. Originally built for a Norse king in 1265, Castle Rushen was developed by successive rulers between the 13th and 16th centuries. During its time it was used as a fortress, royal residence, a mint and even a prison.
